Title:

Comments: I was born and raised in Alaska and have been exploring the Chugach National Forest on skis, feet and snowmachine for more than 60 years. My best memories are in the Carter, Crescent Lake area of the Kenai in the Chugach Forest area. For my family, friends and the next generation, I feel it is imperative that this area remain open to access by snowmachine in order to be able to reach the areas where we play and enjoy Alaska's finest backcountry regions. I want to be able to take my grandchildren to this area and respectfully request that this area remain open. Thank you.
