Title:

Comments: I would like he US Forest Service to consider classifying the Nellie-Juan

Ford as a Wilderness Area and I ask that it be classified with the Forest Services

Primitive Standard.

This ecological and scenic wonder should be preserved for the benefit of the planet  
and future generations.

The Chugach National Forest also needs preservation status against the use of  
chain saws in the WSA that cause damage to trees and other sensitive areas of this  
region.

Thank you,

Armando Lugo
