Last name: Green

Organization:

Title:

Comments: Hello.

To introduce my self-I am a 60 yr old American Indian who loves the outdoors and has lived in Soldotna Alaska for 59 years.

I am an avid hiker-biker-snowshoer-skier-sledder-in the mountains at all times.

My hopes and wishes for the plan:

1. Keep sharing the trails: hikers, bikers, sleds, skiers, snowshoers
2. Educate backwoods youngsters to leave no trace-pack in-pack out.
3. Improving recreational cabins with hitching post/corrals to keep stock safe within adiquit distance from the cabins-with tools to keep area clean
4. Hire backcountry horsewomen and men (local) to help build corrals and hitching post. Packing stock will haul material into recreational sites.

I am a volunteer and a member of Backcountry Horseman of the Kenai Peninsula-I would like to see the Forestry hire local residence to work on trails

Together we can make a difference!

Our BCHA of Alaska is an active organization-wanting to be involved to share responsibilities with the Forestry in keeping all trails open for everyone to enjoy--Fun and Safe.

As a Horseman Business Owner of 40 yrs on the Kenai Peninsula I always try to educate when teaching about trail etiquette safety-pack in and pack out-sharing respecting the land.

Thank you.

Connie M. Green
