Comments: "SM Complex Project Scoping Comments"

Please do NOT reduce the number of wild horses and burros. Their numbers are already minimal. The BLM and the FS have done a sad job of "managing" these poor animals. They have just about "managed" them to death. LEAVE THEM ALONE! They don't need your management. They need to be left in peace! They are part and parcel of the history of this country and "we, the people" want them here with no more "management!"
