Subject: Wayne National Forest: Working Group Follow Up Webinar/Conference Call - Wednesday Jan. 16 6PM

Good morning everyone,

Thank you all again for all of your hard work and dedication through the assessment phase of the forest plan revision process. From the information I've seen and conversations I've had so far I am sure the information you are all providing will be absolutely beneficial and crucial to the assessment.

After the January 2, 2019 initial deadline for submitting information to the Forest Plan Revision Team, the team will begin to compile the working group information with information collected from internal Forest Service scientists and other partners. In order to maintain communication and transparency throughout this process, I would like to schedule a webinar and conference call for all working group members for Wednesday January 16 at 6PM. This call will discuss what we have done so far to compile the information, discuss our expected next steps, and leave time for a discussion with all of you about what you would like to see with the working groups moving forward.

The information for the call is below:

Date: Wednesday January 16, 2019 - 6PM

Webinar Link: <https://fs-fed.webex.com/meet/WNFPlanRevision>

Phone Number: 888-844-9904

Access Code: 2961260

Thank you again everyone. Please feel free to reach out with any questions, and I'll look forward to speaking with

all of you in the new year!

Rachel
