Title:

Comments: Sirs/Madam:

I am commenting in support of OHV land in the state of Montana. I enjoy the freedoms that we Montanans have over most other states in the USA. I moved to Montana from Florida because of over regulation and aggressive restriction to OHV areas. I have been an active member of the Florida Trail Riders Assoc as well as The "AMA", (American Motor cyclist Assoc) for over ten years. These organizations represent responsible Motor cyclists and OHV users. Please keep our OHV lands open and protected for the next and future generations. Our 5 y/o grandson is an avid dirt bike rider and we enjoy quality family time together in public lands. Keep the family bond alive by allowing us to enjoy public lands and nature responsibly with our loved ones.
