Comments: I originally moved to Montana for the mountains. I fell in love with the low key attitude and rugged freedom in the Anbsarokas and Beartooths. It was these mountains and wild spaces that brought me back after a brief venture away from Big Sky Co. The opportunities for recreation and return to our roots called me home. i stand firm in my belief in the vital need to protect our natural spaces. I do not fully support removal of biking (mountain) in the proposed spaces, but motorized travel should be banned as to allow for wildlife preservation and mitigation of damage to our fragile spaces. Thank your for the work you do for all of us.
