Much bigger direction to put more of the roadless/wildlife areas into wilderness areas

Kelso Mesa on the Uncompahgre clearly needs wilderness designation! The roadless area on Grand Mesa directly north of Overland Reservoir needs wilderness designation.

The Mesa County commissioners do not represent us- Please pay attention to the citizens that enjoy your forest! Both Kelso and the area north of Overland reservoir is pristine forest and flowers and wildlife with no OHV areas as of yet. Preservation is critical. Both areas would insure maintained/improved higher water quality to North Fork (Overland) and Gunnison River (Kelso).
