Comments: Kenningston has been fined repeatedly by the EPA. Please don't let them behave as criminals that think fines for pollution are the price of doing business. We are religious organization that doesn't approve of pollution to gods gift to all animals. We also eat from Berners Bay Area and will eat the pollution in wild foods and fish. Make them prove they aren't polluting before any permitting. Please this is important to our children and family. children eat food from that area- our child for example - please don't let them pour waste into our earth and turn a blind eye
