Title:

Comments: Attn: Alaska Roadless Rule

To the evaluation committee,

I write you today as a concerned citizen of the United States of America as well as an inhabitant of Planet Earth.

Please, invoke alternative 1.

Alternative 1 takes no action and would leave all of Alaska under the 2001 Roadless Rule, including the Tongass National Forest.

We need to maintain the health and diversity of the wildlife if mankind hope to have a chance.

Please select Alternative 1. Take no action and leave all Alaska under the 2001 Roadless Rule including the Tongass National Forest.

Kindest regards,

Best regards / viele Gr[uuml]sse
