Comments: Support for New Road Access

Hello,

I am in support of opening up the Tongass National Forest to new development and new roads.

I have been contacted several times for comments that only lead me to conservation council's websites and only allow me to offer support for denying the resolution. I feel there is deceptive marketing and many of us that want to see development happen in the Tongass will not be heard so I am sending this email to you now.

Many alaskans would like access into our lands and would like to have the opportunity to develop this untouched property.

Robert Murphy
