See the attached agenda for our meeting this Thursday at the Evanston Library.

We have a room reserved from 10:00-12:00. It should be a good discussion about the unit management plan that is being prepared to go through our public process.

I am also attaching our statewide bighorn sheep management plan as well as the MOU that we recently executed with the Forest Service.

I look forward to seeing you there on Thursday, I think that we'll have a good discussion that will help make the unit plan the best product possible.
