Comments: I would like to see more single track motorcycle trails. My family and I ride dual sport motorcycles and usually visit the North Georgia area at least once a year if not more. A few single track trails would be a great benefit for the area, like the ones near the Tellico Plains, TN do for the community there. Another thing to consider would be to limit the closing of through roads, or possibly extending some of the dead end roads to make them through roads. That's part of the fun of dual sport riding is being able to put a route together without having to backtrack on roads.

Thanks,

C.S.
