First name: Greg
Last name: Figg
Organization: Spokane Winter Knights Snowmobile Club
Title: President
Comments: As president of the Spokane Winter Knights Snowmobile Club, I am very disappointed that we did not receive notice of this action. It was only by a last minute email from the Selkirk Trail Blazers did we find out about this effort. The Spokane Winter Knights working through the Washington State Parks Department oversee the grooming of the Kings Lake trail system to the northeast of Usk, within this planning area. We would be very opposed to the closing of any roadways that form the groomed snowmobile trail network.

The map would appear to support the decommissioning of a section of the roadway to Cee Cee Ah Peak. Since motorized use appears to be allowed on the rest of the roadway restricting access to the peak and the views it offers makes little sense.

Lastly, the Spokane Winter Knights fully supports the letter that was written and attached below from the Selkirk Trailblazers Snowmobile Club.
