Title:

Comments: attached AFRC's request for interested party status for the Helena-Lewis and Clark Objection Resolution. I am also including our AFRC objection to the Plan which you will notice greatly supplements the information that both Sun Mountain Lumber and Montana Logging Association (both AFRC members submitted). Given the great importance of this Revised Plan to the Forest Products industry and AFRC's work of representing the Forest Products in Montana we believe strongly that we should be given interested party status. Thank you!
