First name: Jeff

Last name: Cook

Organization: Idaho Department Of Parks And Recreation

Title: Outdoor Recreation Analyst

Comments: Please see attached map for potential replacement trail opportunities for the loss of single-track motorized trails as a result of the lawsuit. These trails total 13.3 miles of trail that would be changed from non-motorized to single-track motorized. I have an online map that can be viewed at <https://arcg.is/1Key9m>. I also have a story map that shows the changes in trail designations over time at <https://arcg.is/bnOWr>
