First name: Torin

Last name: Miller

Organization:

Title:

Comments: On behalf of the National Deer Alliance (NDA) and the Quality Deer Management Association (QDMA), please find the attached comments in support of the proposed project to create early successional and late open canopy conditions to provide a diversity of age classes for wildlife species in the Pedlar River North area of the George Washington National Forest in Amherst County, Virginia. We are national non-profit conservation organizations with missions to serve as the guardian of wild deer conservation, wild deer habitat and our hunting heritage.
