Title:

Comments: Interested Person Request

I would like to participate as an interested person in the objection resolution discussions for one or more of the identified objection issues for the Custer Gallatin National Forest 2020 Land Management Plan or the regional forester's list of species of conservation concern (SCC).

Name: Kent Daniels

Address: 2330 East 300 North

Phone # or email: 208-351-7111 kentdaniels@msn.com

Name of lead interested person (if more than one):

I am interested in participating in any resolution discussions between the objector(s) and the reviewing official for the following objection issues:

Pack Goat use, restrictions and closures

Please provide a brief explanation of your interest in the objection(s) and any specific concern(s), including a description of your support or opposition to the objection(s):

The dates of the closures seem random and not based on any data listed. This restricts them from being able to be used during open hunting seasons and early camping opportunities in the backcountry

Will pack goats be allowed in areas if they are tested and free of MOVI?

Please identify when you commented during the planning process (scoping, draft EIS, and/or final EIS):

I believe it was in the draft EIS and at a meeting in West Yellowstone (one of the first ones)

Signature: Kent Daniels by email

Send written letters requesting recognition as an interested party to: USDA Forest Service, Objection Reviewing Officer, Northern Region, 26 Fort Missoula Road, Missoula, MT 59804.

Office hours are Monday through Friday, 8:00 a.m. to 4:30 p.m., excluding Federal holidays. Given current health and safety guidelines an appointment must be made in advance to the office you wish to drop your hardcopy at.

Send an electronic submission requesting recognition as an interested party to: <https://cara.ecosystem-management.org/Public/CommentInput?Project=50185> Electronic submissions must be submitted in a format that is readable with optical character recognition software (e.g., Word, PDF, Rich Text) and must be searchable. An automated response will confirm that your electronic objection has been received.
