Comments: Dear Payette National Forest Staff,

Midas Gold Idaho's Stibnite Gold Project presents Idaho, particularly rural Idaho, with a huge economic and environmental opportunity. I am writing to encourage you to permit the project as quickly as possible.

I urge you to approve the project as outlined by Midas Gold in Alternative 2, it is the best of the alternatives outlined by the USFS. The Stibnite Gold Project will provide a huge benefit to our community and the local environment. The USFS has taken meaningful measures to ensure the public has had enough time and resources during the public comment period.

I found the 60 days allotted and the digital tools provided by the USFS meaningful and sufficient for public review. Midas Gold wants to restore the rivers, wildlife and habitat near the Stibnite Gold Project site. We should let them. Please permit the Stibnite Gold Project and continue to move this important project forward.
