Title:

Comments: I was concerned to learn that the Waterton Canyon Trail near Littleton, Colorado is closed to Ebikes. I'm in my 60's and was so excited when I got a class 1 bike to be able to actually ride this trail! I'm a safe biker and this bike is pedal assist with limited speed. I'm slower than peeps on mountain bikes :))

Please help me understand this rule and let me know whom to contact if you don't have the answer.

Thank you,

Katherine Boyea
