Comments: Greetings Ms. Jackson and Staff,

Thank you for the opportunity to comment during the Draft EIS period for the Stibnite Gold Project.

Midas Gold Idaho is proposing a great project for our economy, our citizens and our environment. The Stibnite

Gold Project would help to properly restore a brownfield site in Idaho's backcountry and provide a significant

positive economic impact. In fact, if the project goes into production the company plans to invest \$1 billion in

Idaho and provide hundreds of jobs over the course of the mine's life. The company has promised to look to

Idaho first for talent and supplies so this will have a huge trickledown effect. The salaries of the positions at

Midas Gold Idaho will be two times higher than typical jobs in Valley County. The financial security these

positions could bring to families could be life changing. I also appreciate that Midas Gold Idaho plans to have

employees be on a two weeks on, two weeks off schedule. This allows Idahoans who live outside of Valley

County, or who would not want to relocate to the area, the same opportunity to apply for these positions.

Thank you for your time, consideration and for giving Idahoans meaningful time to comment on the Stibnite Gold

Project. Alternative two is by far the best option in the DEIS.

I'm a Seattleite and a small time investor and favor any company up here in the Northwest. Midas certainly sounds like a plus in the industry and especially for this area.
