Comments: Applications for Permit to Drill (APD's) in the Sespe Oil Field

Dear Mr. Schwartz:

I urge you to protect the Los Padres National Forest from the impacts of fracking and oil drilling. The Forest Service should prepare a full Environmental Impact Statement, and no fracking should be approved until we know more about the potential environmental and public health impacts of this controversial practice.

I also urge you to take all measures to protect endangered California condors and steelhead from the impacts of oil development. Please ensure that spills of oil and other hazardous chemicals do not enter Sespe Creek or its tributaries.

Thank you for your efforts to protect our forest and surrounding communities.

Susan Shields

Santa Barbara, CA 93105
