First name: Michele

Last name: Anderson

Organization: Heber Wild Horses Freedom Preservation Alliance

Title:

Comments: I am hereby submitting the following information and attachments for the Administrative Record.

The Heber Wild Horse Territory management plan and EA were posted on 3/19/2021. The last day for public comments is on 4/22/2021. As of 4/16/2021 new information was still being added for public comment. However, the last day of comments has not been extended. At the very least, that is a smarmy unethical way of doing things. The final day for public comments should be 30 days from the final Forest Service entry. See attachments.
