First name: Stephen

Last name: McDaniel

Organization: WV Division of Natural Resources

Title: Director

Comments: I wanted to send a letter of support for the Monongahela National Forest Upper Cheat River Project to your office to let you know how much I appreciate and support the Forest Service's plan for the Cheat Ranger District.

For many years, sportsmen and sportswomen have supported good silviculture practices on public lands and it's unfortunate the Monongahela National Forest has been neglected for so long.

Please feel free to contact my office for anything you need to support your efforts. Again, I fully support this long overdue plan.
