Title:

Comments: The Board of Ravalli County Commissioners (BCC) thanks Forest Supervisor Matt Anderson and

FS staff for the collaborative effort in developing the Mud Creek Project.

The Ravalli County Commissioners commented that there were additional opportunities for

vegetation management including commercial harvest.

Ravalli County would object to any vegetation management reduction in the project area and

support the Forest Supervisor's draft decision and finding of no significant impact for the Mud

Creek Vegetation Project.

Please consider this objection as part of the official record for the Mud Creek Project.
