Dear Mark and Jeff

Please accept my comments on the SNF Travel Management EA, due today. Just so you know, I've lived in Wyoming for nearly 30 years and in the Dubois area for 21 years. Even when I was living in Laramie, I spent most of my free time in the Shoshone, driving across the state to hike, fish, and hunt on the Forest. I took up horseback riding in my late 40s when I moved to Dubois in 1999. Since then, I've ridden extensively all over the Wind River District, spending time in every watershed. Ten years ago I worked on a ground-truthing project to track the decline and death of whitebark pine forests from beetle infestation. I have a pretty good idea what goes on in this Forest from the standpoint of natural history and I believe my comments carry the weight of experience.

Best,

Robert Hoskins

Dubois WY
