Comments: Shoshone NF Travel Management Planning Project

Good afternoon Mark,

Please see attached for TU's comments on the 2021 EA. TU supports Alternative 3, with exceptions.

I've also attached our comments from 2016 (scoping), 2017 (revised proposed action), 2020 (preliminary EA), and a TU-USFS joint projects brochure for reference, and because they are referenced in the 2021 comment.

Thank you very much for considering our comments.
