Comments: Shoshone NF Travel Management Planning Project

Dear Shoshone National Forest Management,

I am writing on behalf of the Central Wyoming Climbers Alliance (WyoClimbers), with comments regarding the Shoshone National Forest Travel Management Plan. Attached is a letter with our comments and concerns for how the plan will impact climbing and recreation in the Washakie District.

We appreciate you taking the time to consider our recommendations. Please reach out with any questions.

Sincerely,

--
