Comments: Attention: Shoshone NF Travel Management Planning Project - GIS data

Hello,

I am trying to analyze the TMP EA and tried to view the KMZ data provided via links on the SNF TMP information page (<https://www.fs.usda.gov/detail/shoshone/home/?cid=stelprd3846526>) but nothing rendered in Google Earth. I also had a staff member on our GIS team try to view the KMZs in Google Earth and in Arc and he said that he too was unable to view any information when he tried.

Can you please email me the GIS data, or check to see if the links provided online are functioning as they should? If I need to download or import the TMP KMZ data in a certain way, will you please let me know or connect me to someone who can assist me?

Thank you very much! I appreciate your help.
