Comments: Dear Forest Service,

I am writing to please request and plead do not allow the proposed Holland Lake facility "improvement and expansion". We have lived in Montana since 2005. Holland Lake has been a gem of a place for us to get away and enjoy nature. We enjoy fishing and paddle boarding. This past summer we paddled across the lake and then hiked up to the waterfall. I noticed this past year and immense amount of traffic and activity over by the Holland Lake Lodge area. I can't even imagine if that area is allowed to expand with 20+ buildings etc etc. It will ruin Holland Lake And us locals that like to retreat to the lake will no longer be able to enjoy it. We like to go to Holland lake as it is quieter than nearby Seeley lake and has better fishing. Please keep this lake and the surrounding land NON commercial! It just breaks my heart to think that the lodge area will be developed. And if this occurs we will be forced out of enjoying the serenity of this lake due to overcrowding and commercialization. Please do not allow the land to be leased to an organization that is looking to bring hoards of people and profit off the land.
