Comments: As a Montana resident and frequent visitor of Holland Lake, it is one of the most sacred and beloved places in western Montana. It's a place where countless memories have been made and hopefully will continue to do so for generations.

Thousands of Montanans know this giant project is plain wrong for Holland Lake and our public land, This massive project will have extensive effects on the valley and harm its air, water, ecosystem and wildlife. It's unacceptable and not in the interest of the public.

Please don't let greedy corporations destroy the magic of Holland Lake and the Holland Lake Lodge. If the Forest Service doesn't stand up to POWDR and the heartless team of developers, there will be hell to pay.

Thank you for reading.
