First name: Shirley

Last name: Hall

Organization:

Title:

Comments: On December 29, 2022, I submitted comments concerning MVP which I am enclosing a copy of for your consideration. I am not submitting all the attachments I sent on December 29. However, I am enclosing maps and data from various entities that support the hypothesis that this pipeline should not be built in Monroe County, Peters Mountain, Jefferson National Forest and George Washington National Forest. I would appreciate a reply. Thank you. SEE ATTACHMENT
