Last name: Durrum

Organization:

Title:

Comments: Hells canyon is well loved and used. Please do not let this be used for anything but wildlife and enjoyment of forest by many.

This area is a few miles from where I live. I have explored this beautiful place. I've wandered through and admired the animals. There's so many eagles that I would call it a Refuge. Please keep this special for all. Do NOT let it be ruined in the name of business.
