Comments: ***PLEASE fix SAFETY ISSUES before adding any extra amenities! Other area trails are good with the exception of a few places on the Connell Lake trail, but Perseverance/Minerva has had many places on this well-used trail for years which pose serious risks to the hiker, beginning just up from the trailhead and extending throughout the 5 1/2 miles up to the natural tread area. Plugged culverts, slides, broken boardwalk, and many places with dangerous crossings name just a few. Please make this beautiful trail safe for all users, and a huge THANK you for all you do for all of us! Images below:
