Comments: Dear Jason,I hope you had a good winter. I understand you had a good snow year. I am looking forward tobeing able to drive down Denny Creek Road and return to Romsett. I have spent time at Romsett formore than 70 years. The Gallatin National Forest is a big part of my life.I understand the decision process whether or not to allow e-bikes on the Rendezvous Ski Trail andthe Yellowstone Short line Trail is still open for comments. I support allowing class one, pedal assist,e-bikes on those trails. I have ridden my bike on the Rendezvous Ski Trail in the summer for years. Ithas been wonderful recreation. I am now 76 years old and continue to ride with the help of an e- bikewith pedal assist. My e-bike impact on the trail is really no different than it was when I was youngerand did not need pedal assist. I continue to enjoy riding with many family and friends who are in their60s, 70s, and 80s. It is a great experience. We hope you will allow pedal assist e-bikes.We plan to ride for many more years and hope you will allow us, with our e-bikes,on those trails.Thank you for your consideration.You are welcome to contact me if you have any questions.
