Comments: I would like to voice the support of my family of 7 in favor of the mineral claims withdrawal from the Pactola & Rapid Creek watershed. Further, we request the withdrawal be expanded to include upstream tributaries to Pactola Reservoir. My family swims in Pactola and Rapid Creek year round, and we've noticed the water quality has gone down in recent years. Please help us preserve the clarity we have now, for health and quality of life reasons this watershed is our lifeblood. For what it's worth we are Rapid City home owners and we own two businesses in Rapid City. We call on any and all protections that are available to preserve the quality of our water for at least the next 20 years.

Thank you, The Krueger Family
