Comments: Dear Emily and Interested Others

Thank you for this opportunity to comment on Farris Creek Road Travel Management.

We support the new management proposal, that being the closing of the road after the 1.7 stretch from County Rd 738.

I would like for the USFS to consider one thing; At the place of the proposed Size Restrictor, that there be a full vehicle size gate, to remain locked except for emergency or maintenance purposes; ig: in case of fire, or fence construction or major trail work, such as installation of walkover or Gate structures.

I have enclosed several photos of the wetlands of concerns; I hope steps will be taken to fill the ruts and restore the ground in that area, as well as to create a new route in a dryer area.

Again, thank you for this opportunity to comment on the Farris Creek Road Travel Management proposal.

Sincerely

Barbara East
