Comments: I have always paid my monthly balance in full and on time. For months my visa account has shown an outstanding balance, I can't account for.

I have called Alaska's service center several times, for months, I have written emails, and sent numerous letters - WITH NO RESPONSE!

I paid off a \$500 balance, I cannot account for, and closed my visa account w/Alaska.

I still have a savings account.

Jennifer - all I have requested is to add my debits and my credits - That should be my actual balance.

Thanks, for getting back to me.
