First name: Jeremy

Last name: Nygard

Organization: US Army Corps of Engineers, ND Regulatory Office

Title:

Comments: Our office has reviewed the information you provided regarding the proposed project and determined that a U.S. Army Corps of Engineers Section 404 permit may be required for your project if any waters or wetlands are impacted. We previously submitted a comment response for the overall project on April 20, 2023 and this letter still applies to Phase 3.
