Comments: Dear District Ranger Olson:

Please accept the comments in the attached as those of the Gallatin Wildlife Association of Bozeman, Montana. They represent those of our membership and organization. We prefer to see more emphasis in the preservation of biological integrity and biodiversity, along with the value of mature and old-growth forest than what we see in this as well as so many other proposed timber projects.

It is time to refocus upon the true value of our Nation's forests and repurpose ourselves to a better management program rather than carrying on outdated practices of the past.

Clinton Nagel, President

Gallatin Wildlife Association
