Comments: To: Objection Reviewing Officer, USDA Forest Service, Eastern Region

Attached please find my pre-decision objection to the Houston South Vegetation Management and Restoration Project Supplement: Final Supplemental Environmental Assessment (SEA), Draft Decision Notice (DN) and Finding of No Significant Impact (FONSI), along with four supporting documents.

I am having some email difficulties, so am sending these documents from both of my email accounts listed below as a precaution.

Thank you for this opportunity to provide input on Hoosier National Forest management.

Respectfully,

Karen S. Smith
