Comments: Rocky Smith et al comments references part 2

ATTACHMENT: Cohen - WUI problem fire exclusion.pdf - "The Wildland Urban Interface Fire Problem - a consequence of the fire exclusion paradigm" Forest History Today, 2008. Author concludes that effective WUI fire management is to address the immediate area around the structures.

ATTACHMENT: Natural forests best Conservat Sci and Prac 2023 Faison.pdf - "The importance of natural forest stewardship in adaptation planning in the United States", Conservation Science and Practice., . 2023;e12935., <https://doi.org/10.1111/csp2.12935>. Paper argues that managing forest to adapt to changing conditions is flawed logic and forests have been managing themselves for millions of years. argument for passive management

ATTACHMENT: Carbon effects of OG conversion Harmon et al 1990.pdf - "Effects on Carbon Storage of Conversion of Old-Growth Forests to Young Forests", Science, New Series, Vol. 247, No. 4943. (Feb. 9, 1990), pp. 699-702., <http://links.jstor.org/sici?sici=0036-8075%2819900209%293%3A247%3A4943%3C699%3AEOC%3E2.0.CO%3B2-8> . authors provide calculations disproving the argument that converting old forests to young timber-producing forests will increase carbon storage.

ATTACHMENT: Carbon Storage modeling OR WA.pdf - "MODELING CARBON STORES IN OREGON AND WASHINGTON FOREST PRODUCTS: 1900-1992", Climatic Change 33: 521-550, 1996. Examining carbon stores in forest products; modeling shows that most of the carbon stores are in landfills and 45-60% of carbon from forest products is lost to the atmosphere during manufacturing
