Title:

Comments: I do alot of travel to other parts of the USA. And when returning home I feel the same gratitude to our beautiful Black Hills everytime I return. I believe the region of the Black Hills and surrounding prairie is one of the most beautiful hidden gems available to us to enjoy and pass on to our children and their children. Without clean water, this will not be possible. It's as simple as that. Please keep our water and the beautiful Rapid Creek that nourishes the Black Hills clean and safe for all to enjoy. I support the Pactola Reservoir-Rapid Creek Watershed Withdrawl Project.
