First name: Edward

Last name: Starr

Organization:

Title:

Comments: I am very concerned about the contamination possibility of Pactola Reservoir which provides the most precious commodity, the water, primarily which nourishes all living things, plants, animals, humans, all life depend on drinking water. I support the Pactola Reservoir-Rapid Creek watershed withdrawal, this is the head waters that come from the Black Hills of South Dakota, I would not waters be disturbed mining activity throughout the area.

/S/ Edward Starr
