Last name: Soultaire

Organization:

Title:

Comments: Montlure is an amazing camp. I sent my daughter there in 1991 and every year after until she was a senior. My sons started going to Montlure in 2000 and 2004 until they were seniors. My oldest son was not only a camper his senior year but also volunteered as a camp counselor for another week. He continued to do that for several years. He's now an electrician and still does volunteer work for Montlure. I've attached the quilt he had made from all of his Montlure shirts. Montlure has been such a blessing to my family and so many other families. Please do everything you can to make sure they remain open for many years to come!
