Comments: I am writing to support the proposed Questa to Red River trail. I wholeheartedly support the project. My son is just starting to ride his bike. This trail would give him and his friends a safe way to ride their bikes for longer distances. The last time he and his friends met at Baca park, they rode their bikes for two hours. It would be nice to have an option to cycle from one campground or picnic spot to another in one day. My husband and I are both avid trail users for running, hiking and cycling. We appreciate more options in our community where we do not need to worry about cars. I also see an opportunity for Questa and Red River in this project to attract visitors and increase their gross receipts. Both towns offer lively dining and coffee options that would make a pleasant stop for visiting trail users.
