First name: Melody

Last name: Reid

Organization:

Title:

Comments: I live in Oregon. Moved here for retirement because of the incredible trees and rivers!! I have been an outdoor enthusiast, white water rafter, hiker, camper all my life. We need to preserve these precious resources for the future generations as well as our planet. Trees are the lungs of our planet. Please take action to protect this resource responsibly by listening to our voices and including the voices of our tribal communities in all your decisions!
