Comments: Message to President Trump in package. Science is never settled otherwise how would new discoveries be made. President Trump is correct about Climate Change green is planting trees. Please write an executive order so every high school must teach our published high school textbook for 10th grade general and environmental science. Then the arson fires will stop. <https://cctruth.org/wildfire/> The National Science Teachers Association has had the high school textbooks for evaluation since December. Everyone should have one of these on their coffee table at home <https://rosedogbookstore.com/climate-crisis-changed-the-intergovernmental-panel-on-climate-change-ipcc-reports-are-deliberate-science-fiction-1/?showHidden=true> Dave White also debunked the false idea that rolling coal (black smoke from diesel trucks) causes any health issue. The fake studies were done in China with air 50X more polluted than anywhere in the USA

Ocean SOCAT data is from vessels with carbon dioxide sensors. The spreadsheet has all the data for the past 50 years. No correlation between air CO2 and ocean CO2. They also release terpenes which induce rain. Guardian article from 2018 Strip logging is sustainable and clear cutting is not.
