Comments: Dear Ms. Kill, June 18, 2025 Attached are comments on the DCM for 2025 Comment period EA and proposal. I am submitting them on behalf of the Friends of Fourmile volunteer chapter of the Greater Arkansas River Nature Association. We have made comments on previous drafts. Because the focus of our Friends group is on recreation management only within the Fourmile Travel Management Area, we have limited our comments to those issues in the EA and proposal which deal with that area. Although preparation of the documents has been a long process, we commend you and your technical colleagues and the staff of the Salida and Leadville Districts for producing a thorough and comprehensive product. We whole-heartedly support the proposed alternative despite having some specific suggestions on details and minor corrections which we hope you will address. Thanks to you personally for having spent time on the phone in correspondence to answer questions before we prepared our attached comments. If appropriate I am available to provide further clarification.
