Organization: Pinecrest Community Lodge

Title:

Comments: The Pinecrest Community Lodge is owned and operated by a local family. The building, formerly the Pinecrest School is an asset to locals and visitors wishing to get a nice cup of coffee, pastry or utilize the Lodge or rooms without the congestion associated with lake activities.

Our outdated permit has come under fire as it was issued to the County and some believe we shouldn't be allowed to profit from these endeavors. This proposal will allow us to continue to host the Scouts, Ski Patrol and your events like wedding receptions, family reunions and community meetings. This new permit opens many exciting new opportunities for the basin to use the Community Lodge in creative ways.

In 2026 we hope to continue to grow and evolve our business to be a positive and unique part the Pinecrest basin we all love and respect. Please lend us your support in this proposal and stop by the Community Lodge and tell us what you think.
